Re: Mr. Kunzler, DNR, ltr to Mr. Wurth of 10/12/99

Dear Mr. Kunzler:

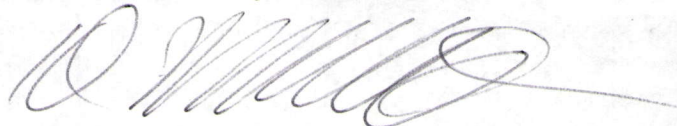

This letter is to inform you that I received the letter of October 12, 1999, informing me that the Rock Products Quarry operation in Browns Canyon, Summit County, has reached the limit of disturbance as a small mining operation.

As my representative discussed with you in November 1999, Rock Products will submit a Form MR-LMO, "Notice of Intention to Commence Large Mining Operation". At this time, Rock Products does not expect to disturb additional acreage, beyond the current operation size, prior to submission of the MR-LMO form and subsequent decision on the case. We are in the process of obtaining our soil and vegetation surveys from a consultant and will incorporate these into our submission.

Thank you in advance and my representative or I will be discussing my submission with you, or one of the other Reclamation Specialists, soon.

Respectfully,

Develon G. Wurth
President
Rock Products of Utah, Inc.
